IN RE: Updated Summary Reentry Plan - Progress Report

On the 29th of July, 2022, I, Saddam Raishani, received an updated Summary Reentry Plan. Therein are several staff comments which illustrate my endeavors and commitment towards rehabilitation. For greater emphasis, I have cited them below, and they state, in part:

"Since his arrival at FCI Fairton and before, inmate Raishani has programmed constantly and this record can be seen [in Progress Report]. He has taken several courses that can be used to further himself once released back into the community...Inmate Raishani has even taken classes more recently that will help in the pursuit of a nursing career since he is a registered Nurse in New York..."
(Education Summary, pg. 2)

"Inmate Raishani has shown clear institutional conduct for over 2 years now and has continued to program and try to better himself throughout his incarceration. Inmate Raishani has shown great insitutional adjustment and is respectful to all staff he encounters. Inmate Raishani has spoken about taking responsibility for his past actions and has proven that through the many programs he takes...(General Comments, pg.3)

"In response to Saddam Raishani's request for anti-radicalization training, I enrolled him in two programs that I teach under the First Step Act: 1) Embracing Interfaith Cooperation, and 2) Threshold. These programs

address specific areas of need that Mr. Raishani can implement to **lower his risk of recidivism**. Embracing Interfaith Cooperation is a Productive Activity that fosters interfaith dialogue, discussion, and understanding. Interfaith engagement has been shown as an effective strategy to counter discrimination and extremism as well. The course builds on freedom of religion as a core ideal of the American dream. It embraces differences in religion to break down stereotypes and barriers for communities to better serve together toward the common good. Threshold is a faith-based reentry program that helps strengthens key dimensions in life: spirituality, personal relationships, accepting personal responsibility, decision-making, healthy boundaries, mental-emotional-physical wellness, and continued educational growth." (J. Oliver, Staff Chaplain, General Comments, pg. 3-4)(emphasis added)

The comments above are illustrative of the specific endeavors I have and continue to participate in to rehabilitate and utilize my time in a productive manner. Thank you for your time and consideration.

Sincerely,

X

Saddam Raishani
